

# Map Search – See It. Find It.

Presented by: JP Farago and Madoka Otani  
November 3, 2015

# Organization Overview

- **Information Services Corporation**
- **Publicly-traded Saskatchewan business corporation responsible for registry-related information services.**
- **Head office in Regina, 8 Customer Support Centers**
- **300 + employees**

# What is Map Search?

- **Map Search is a FREE search tool that anyone with an ISC online services account can use to quickly find land title and survey plan information about virtually any parcel of land in Saskatchewan.**
- **Common Uses include:**
- **Confirm ownership of land parcels**
- **Obtain current legal land descriptions**
- **Gain access to be able to view registered plans of survey to view official parcel dimensions**

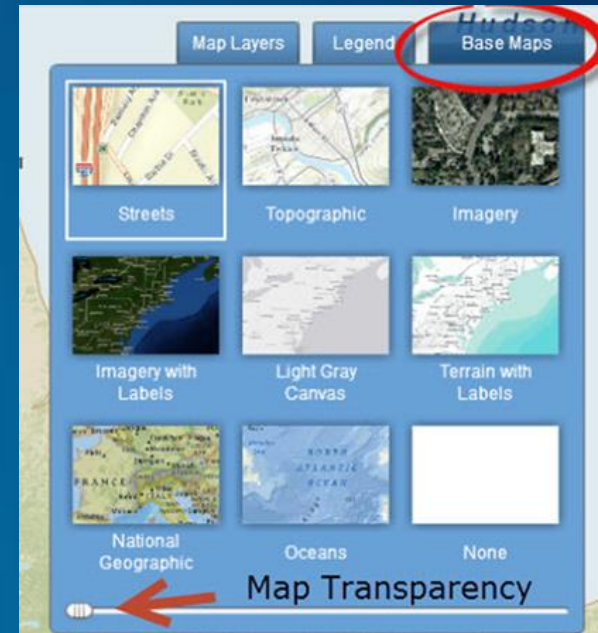

# Map Search

- Over 7 years of operation
- Significant advancement in technology
- Improved understanding of customer needs

# Esri Technology

- Enhanced MapSearch was developed utilizing the ArcGIS Viewer for Flex and was implemented on a newer version of ArcGIS Server
- Original MapSearch was moved off the outdated ArcIMS server
- Streaming base maps now exist within the Map Viewer (imagery, topographic, street names)

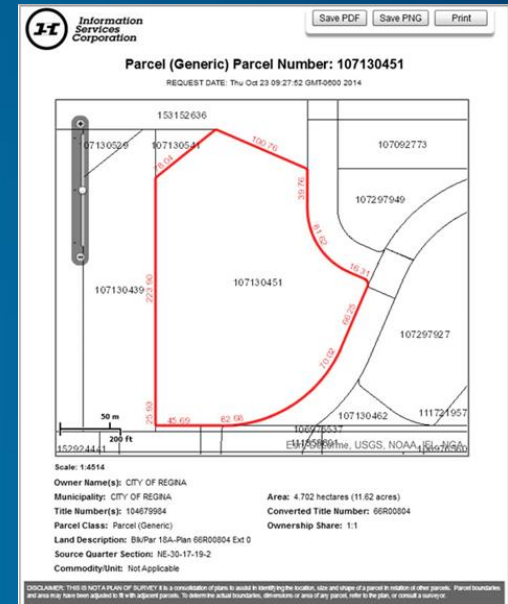

# More User Friendly

- Search by urban civic address
- Search by geographic coordinates
- Search Plans by Corner LLD, Quarter LLD and Pending Plan status
- New layers
- Better legend functionality

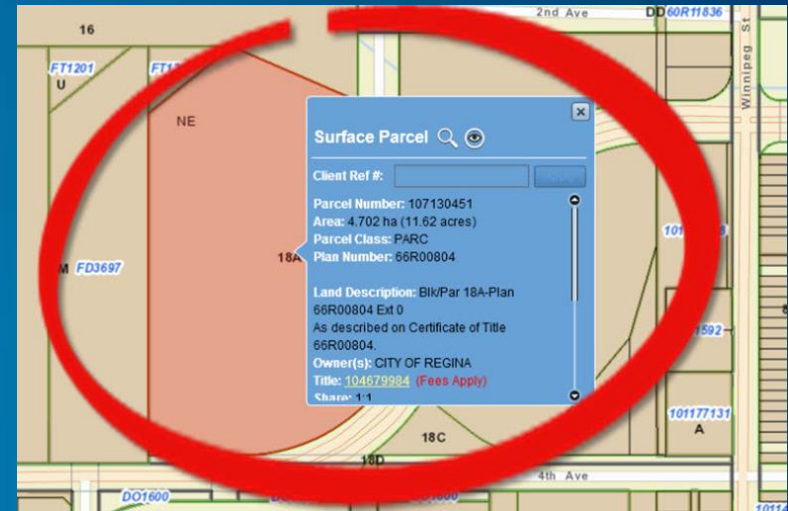

# Parcel Picture

- User friendly design with simplified navigation and search tools
- More information available when and where you need it
- Enhanced Parcel Picture view

# Better Workflow

- Client Reference # field now available
- Bookmarks
- Easier ways to export data

# Help

- eLearning module
- FAQ's,
- 24/7 online support
- 1-866 Ask ISC

**Live Demo**
